

Clermont Surgery

Client: Queensland Health

Construction completed: April 2005

Construction costs: \$600,000

Modern colours in the surgery were used to appeal to the most eager critic. Complimentary furnishings were added by the client, making all patients feel at ease in this delightful environment.

The project was completed ahead of the original program with a finished product exceeding the client's expectations.

The new surgery now provides further health services to the residents of Clermont District.

Winner QMBA Project: Central Queensland Health Facilities (up to \$2m) 2006
